Dear Colleagues,

I am honored inviting you to participate in 2nd International Conference on „THEORY AND PRACTICE IN ADAPTED PHYSICAL ACTIVITY“. Patrons of the conference are the Polish Scientific Association of Adapted Physical Activity (PTN-AAF), the Józef Piłsudski University of Physical Education in Warsaw and Chair of Theory and Methodology of Teaching Movement at the University of Physical Education in Warsaw. Our conference will be accompanied by seminar on „Volunteering in APA“, by practical session presenting adapted physical education for individuals with intellectual disability and picture exhibition of “Four Kings” – Warsaw wheelchair rugby team.

The aim of the conference is to present research and expertise related to the field of adapted physical activity. Following are the conference topics:

- programming and organizing physical activity for individuals with special needs (examples of good practice),
- methodical aspects of adapted physical education, therapeutic recreation and disability sport,
- education and lifelong learning of APA experts (coaches, instructors, physical education teachers and physiotherapists),
- implementation of APA research into practice (physical education, sport, recreation, tourism and rehabilitation),
- volunteering in APA,
- new technologies in APA,
- adapted physical activity for the elderly.

Looking forward to welcoming you in our Alma Mater.

Prof. Andrzej Kosmol
Chairperson of Scientific Committee
